

Sues. Morning - 11

Dear Vicki and Jim,

We have been getting alot of snow and it is snowing now. All the schools are either closed or opening an hour late. I am going to play bridge this morning and then go out to Ussaquah and work on another lamp. I finished my first lamp and it is up and looks very nice.

Saturday night we had two tables of bridge and dinner first. I fixed prime rib. John Donnelly brought his duplicate boards over. He set the amount of what we were going to play for which was a tenth which is pretty high. One couple lost ten dollars and we lost four. After we quit playing bridge the men went down stairs and played pool so it was three o'clock before they left. It was after four before I got to bed as I cleaned up the kitchen and everything.

This Saturday night I am having

2

another dinner and bridge party but I am sure this group will go home a little earlier.

Two weeks ago we went to a dance and it was nice seeing all the neighbors.

We are anxious to go up to the cabin again and probably will the following week end.

Mrs. Lansing just intercepted my letter writing so I will have to hurry now and get ready to go.

Everyone is fine. Jeannie's baby is due this month - on Gail's birthday.

Love,
Mom.
